

ALL MAPS UPDATED SEPTEMBER 2021!

Mining Industry Poster Size Maps

WESTERN STATES MINES MAP

This edition shows locations of over 120 gold, silver, platinum, copper, molybdenum and coal mines in the eleven western United States. For each mine, the Map lists the state, county, minerals produced, owner and whether it is underground or open pit. The Map is 26.75" x 40" in size and is printed in contrasting colors on enamel stock for increased legibility showing states, capitols and major highways.

SOUTH AMERICA MINES MAP

This edition lists and shows locations of approximately 270 precious and base-metal mines and projects that are in operation, development, feasibility or construction. It identifies the owner and/or operator and whether the mines are underground or open pit. The Map is 30" x 36" and is printed in contrasting colors on enamel stock for increased legibility.

MEXICO PRECIOUS METALS MINES MAP

This edition lists and locates over 200 operating underground and open pit mines, as well as development and exploration projects for precious and base metals. It identifies the owner, operator, product and status of activity for each property. The Map is 30" x 42" and printed in contrasting colors on enamel stock for increased legibility showing states, capitols and major highways.

OPERATING MINES IN CANADA

The map, Operating Mines in Canada, lists and locates 96 precious, base metals, uranium and coal mines that are in operation. It identifies the mine's owner, mineral products produced and if it is a surface or underground operation. The map is 30" x 33", printed in contrasting colors for increased legibility, on enamel stock.

MINES OF AUSTRALIA MAP

The Australia Mines Map lists and locates 280 precious metals, base metals, uranium and coal mines that are in operation, under construction, development or undergoing feasibility. It identifies the mine's owner, minerals produced, the current level of activity and whether the mine is surface or underground. The map is 30" x 42", printed in contrasting colors for increased legibility, on enamel stock.

36 YEARS OF CONTINUOUS PUBLICATION

2021/2022

The 2021/2022 Western Mining Directory is now available in interactive Pdf format on a CD-R and Flash Drive. The directory lists over 190 mining companies, 165 mines and 128 projects and properties. Both Mines and Mining Companies are listed alphabetically and geologically. Comprehensive information is provided in each section, including corporate offices, affiliated companies, websites, as well as addresses of corporate offices, regional offices, exploration offices and mines. Mine information includes names of managers, location, open pit, underground, type of recovery, product, operator, reserves, grade, mining rate and number of employees.

The CD-R and Flash Drive contain a Contents file which enables you to reference each section. In addition, the CD-R and Flash Drive contain no security settings, allowing you to copy and paste text from the CD-R and Flash Drive into your word processing documents. You are therefore able to add your own information to the data found on the CD-R and Flash Drive and customize the data base to fit your needs. **The CD-R and Flash Drive are universal, allowing for use on all platforms. Computer requirement: Acrobat and/or Acrobat Reader.**
